

That Great Wall?

Well maybe not, but EEL has a large selection on energy saving wall packs designed to suit the job at hand. Our outdoor fixtures are rugged as they come.

- Shatter proof glass refractor
- Tough die cast housing
- Rust and corrosion proof
- IP54 rated
- cULus
- 5 year warranty

A Great Value

Currently even though the season for outdoor lighting is upon us, EEL has some really good pricing on selected wall packs for distributors to take advantage of this fall. Call your rep today and ask for details.
