Contact	Title	Product Focus	Contact Method
Paul McAvoy	Automation Manager, Information Software	Automation Software	pmcavoy@electrozad.com 519-251-4357
FactoryTalk Suite, SCADA, Manufacturing/Process Intelligence, Historians, Recipe Management, MES Solutions, Track & Trace, Finite Scheduling, Simulators, Trial Software, Connected Enterprise			
Graeme Weaver E+H	Process & Solution Specialist, Automation Specialist	Process Control, FTHistorian, SAMSON Valves, FTAssetCenter, E+H Instrumentation	gweaver@electrozad.com 519-336-7429
Process Control, Process Safety Controllers SIL2, SIL3, TMR, SIS, PlantPAx, Staging & Testing, DCS System Migrations, POC Lab, Plantwide Optimization, Endress + Hauser Instruments, Process Solutions, Batch S88, Micro Brewery Solutions			
David Blake	Components Specialist	Safety, Industrial Control, Components	dblake@electrozad.com 519-251-4348
Industrial Control, Essential Components, Safety Components, Connectivity Systems, RFID, Safety Relays, Light Curtains, Laser, Proximity and Non-contact Sensors, I/O Connection Systems, SoftStarts, Vacuum Contactors, Pre-Wired Swing Arms, On-Machine			
Paul Bouteiller	Automation Specialist	PLC, PAC, Micro Controller, Gateways, Control Networks, Remote Monitoring	pbouteiller@electrozad.com 519-251-4394
Integrated Architecture, Control System Design Validation- (IAB), Industrial HMI, Machine Safety Control, Visualization, Control System Modernization, Gateways, System Staging & Testing, POC Lab, Grounding Surveys, Barcode, Network Segmentation			
Dave Dumouchelle	Automation, Power & Control Specialist	Motion Control, VFD's, Gearboxes, Motors, Actuators, AC/DC Motors	ddumouchelle@electrozad.com 519-251-4356
Servos, Kinetix, Mech. Actuators & Gearboxes, VFDs, AC/DC Motors, IA Solutions, Local HMI, Motion/Drive Systems			
Brad Bakema	Services Business Development Manager	Services	bbakema@electrozad.com 519-251-4380
Support & Services, Training, Spare Parts Agreements, TechConnect Support Contracts, Service Rep Block-Of-Time, Installed Base Evaluations, Remanufactured Parts, Extended Warranties			
Adam LeBlanc	MCC. Components Specialist, Power & Control	Motor Control Centers, Components, Remanufactured Parts and 3rd Party Repairs	aleblanc@electrozad.com 519-251-4392
Industrial Control & Safety, Essential Components, Remanufactured Parts, 3rd Party Repairs, MCCs, LV & MV VFD, Motor Control Centers (MCC), AC Motors			

E+H **Dan Curtis**	Hi-Tech Inside Specialist	E+H, Micro800, TechConnect, Toolkits, ChannelMaster	dcurtis@electrozad.com	519-251-4369
Christina Dare	Inside Sales (Sarnia)	E+H, Repairs, Service Calls	cdare@electrozad.com	519-336-3459

Contact	Title	Contact Method
Brad Bakema	Business Development Lead	bbakema@electrozad.com 519-251-4380

Installed Base Evaluation, Arc Flash, Open Enrollment and Custom Training, Spare Parts, Life Cycle programs, MyRockwell Website, Remanufacturing and Repair Parts, Extended Warranty, PM - Preventative Maintenance, Technician Blocks-of-Time, TechConnect programs

Kevin Neve	Service Technician	kneve@electrozad.com 519-336-4134

IBE - Installed Base Evaluation, AF – Arc Flash Study, Repairs and Remanufacturing (RA and 3rd party), LOTO, Drive Start-Up

SERVICES

Networks Wired, Wireless, Fibre	• Assessments • Design • Wireless Surveys • Implementation • Security Assessments • Physical Cabling, Infrastructure • Firewall & Switch Configuration • SCADA Design • Network Consulting • CPwE- Converged Plantwide Ethernet • Back-up Solutions
Servers	• IDC - Industrial Data Centers • Virtualization • SaaS • IaaS • Cloud Solutions
IBE	• Installed Base Evaluation • Rockwell and 3rd Party • Life Cycle Management
Arc Flash	• Assessment • Study • Implementation • Equipment Labeling
Staging	• Green Light Benchmark • Proof of Concept • Infrastructure Configuration
Projects	• Start-Up Assistance • Environmental IDC & Zone Enclosures • Part Control (Standards) • Terminal Block Assembly • Custom Wire Cuts & Harnesses • Custom Wire Markers
Kitting / VMI	• Assembled Hardware by Location • Terminal Block Assembly • Tagging, Documentation
Energy (W.A.G.E.S.)	• Lighting Designs • Optimization • VFD • Peak Shaving/Shifting • Efficiency • Quality • Monitoring
